INTRODUCTION

On March 3, 2003, the United States District Court for the District of Maryland began using a new case management system that permits attorneys to electronically file documents from the comfort of their own offices or anywhere else that has Internet access. The new system is known as Case Management/Electronic Case Files or CM/ECF. The system was developed by the Administrative Office of the United States Courts and is used in many bankruptcy courts. It has been tested by a number of district courts. We are proud to have been one of the first district courts to implement CM/ECF for all civil cases.

In an effort to ease the transition to electronic filing, we have posted the forms referenced in this Manual on the Court's web site in Word and WordPerfect format.

The Clerk's Office, Bench, and attorney advisors worked hard to establish procedures to make the system easy and convenient to use. After four months of experience with electronic filing, we have revised our procedures to address frequently asked questions and reflect the experience we all have gained. Your input continues to be important to us. If after using the system you have any comments or suggestions, please e-mail them to:
mdd_voyager@mdd.uscourts.gov.

J. Frederick Motz
United States District Judge
CM/ECF Project Coordinator

I. Designation of Cases

A. Cases in Which Electronic Filing Will Be Used

All new civil and miscellaneous cases filed on or after March 3, 2003 will be subject to the electronic filing requirements and procedures set out in this manual. All civil cases pending as of March 3, 2003 which are not exempted by the presiding judge also will be subject to the electronic filing requirements and procedures set forth in this manual from that date forward. Documents which were filed in paper format prior to March 3, 2003 do not need to be resubmitted in electronic format unless specifically directed by the court in a particular case.

B. Categories of Cases Exempt from Electronic Filing

Electronic filing by counsel or parties will not be permitted in the following types of cases: all criminal cases; sealed cases; Social Security appeals; all prisoner habeas corpus/post conviction actions regardless of whether the petitioner is represented by counsel; all cases where the plaintiff is proceeding *pro se* (attorneys who are representing themselves and are members in good standing of the bar of this Court are not considered *pro se* and are required to use the electronic filing system); and requests for or filing of letters rogatory.

In cases which are exempt from electronic filing because the plaintiff is *pro se*, there is a presumption that once counsel enters an appearance on plaintiff's behalf, the case becomes subject to electronic filing. In cases subject to electronic filing, if a plaintiff becomes *pro se* because counsel has been granted leave to withdraw, there is a presumption that the case is no longer subject to electronic filing.

When filing documents in a case which is exempt from electronic filing, make a parenthetical notation in the caption under the case number "Exempt from ECF."

C. Requesting an Exemption from Electronic Filing

Counsel in a case which is subject to electronic filing may request that the case be exempted from the electronic filing requirements and procedures by filing a motion setting forth the grounds for the request. Requests for exemptions will be granted only for good cause.

II. Use of Electronic Filing System

A. Registration

1. General Requirements

There is no charge for registering to use the electronic filing system. You must, however, be a member in good standing of the bar of this court or entitled by statute or Local Rule to practice without being a member of our bar. Logins and passwords will not be issued to paralegals, secretaries or other paraprofessionals.

2. How to Register

You may register for electronic filing by going to the court's web site: www.mdd.uscourts.gov and completing the on-line registration form. Attorneys who are not members of the bar of this court but who are eligible to appear (primarily Assistant U.S. Attorneys and Assistant Federal Public Defenders) should use the pro hac vice registration form. Once we verify that you are eligible to register for electronic filing, you will be sent a login and password via e-mail.

3. Effect of Registration

Registration as an electronic filing user constitutes consent to receive and make electronic service under Fed. R. Civ. P. 5 of all documents governed by this manual. This agreement is applicable to all cases, present and future, where the registered user is counsel of record.

4. Checking Your Login and Password

When you receive your login and password you should log into the system to ensure that they work. The login and password fields are case sensitive so you must type them exactly as they appear in the e-mail. If you are unable to log into the system, you should contact one of the Court's Attorney Admission Specialists.

5. Pro Hac Vice

A motion to appear *pro hac vice* should be filed on paper with the Clerk at the same time the \$50.00 fee is tendered. Attorneys exempt from the fee or who are seeking a waiver of the fee also should file their motions on paper. Once the motion has been ruled upon, it will be scanned and entered by the

Clerk's Office. If the motion is granted, the attorney will be given a login and password. The attorney may use the login and password only in the particular cases where he or she has been admitted *pro hac vice*.

6. Public Access to Court Electronic Records (PACER)

PACER is a fee for use service offered by the Administrative Office of the United States Courts. It offers electronic access to records of most federal district, appellate and bankruptcy courts. The types of records available electronically will vary from court to court. In almost all jurisdictions docket sheets may be accessed. Most documents electronically filed in civil cases may be viewed over the Internet by using PACER.

When you access docket sheets or other documents over the Internet using PACER there is a fee of \$.07 per page. This fee applies regardless of whether you simply view the document or download and save it. There is a maximum charge of \$2.10 per document.

For information on how to register for a PACER account go to:
<http://pacer.psc.uscourts.gov> .

7. CM/ECF Accounts and PACER Accounts Are Different

A CM/ECF account allows you to file documents electronically and provides you with e-mail notification of docket activity in any cases where you are counsel of record or have signed up for electronic notification. It does not allow you view docket sheets or court documents except through the one time link in the e-mail notification. Only attorneys may have CM/ECF accounts.

A PACER account allows you to view docket sheets and documents which have been filed electronically. You cannot file any documents using a PACER account. Anyone can sign up for a PACER account.

When you go to the Court's electronic filing site you may enter either your CM/ECF login and password or your PACER login and password. Because the accounts allow you to do different things, the options on the main menu bar are different. If you are logged in with your CM/ECF login and password and click on an option that requires a PACER account, such as viewing a docket sheet, the system will prompt you to enter your PACER login and password.

B. Passwords

1. Security

An attorney's login and password constitute his or her signature on all documents filed using the login and password. It is very important to protect your login and password from unauthorized use. If you discover that someone has used your login and password without your permission, you should immediately notify the court.

2. Changing Your Password

Your initial password is computer generated. Once you have your login and password you can change your password to one which is easy for you to remember. To change your password, take the following steps.

Step 1: After logging into the electronic filing system click on Utilities on the upper right side of the screen. Then click on Maintain Your Account.

Step 2: This brings up the Maintain User Account Screen. Click on More user information at the bottom of the screen. This brings up the More User Information Box.

Step 3: Enter your new password in the password box, then click on Return to Account Screen. Click on submit. You may be prompted to do this again. It is easy to miss the submit button. You must click on this button for the change to be made.

Step 4: Click on Logout. You may now log back in using your new password. It is very important that you record your new password and keep it in a safe place. The court does not maintain a record of your password. If you lose or forget your password the court will have to issue you a new one.

3. Oops, I Forgot My Password

If you forget your password call one of our attorney admissions specialists, Tina Stavrou at 410-962-3552 or Catherine Scaffidi at 301-344-3220 to have a new password issued. You will be asked for the last four digits of your Social Security number to verify your identity. You must personally make the call. Passwords will not be reissued at the request of others calling on your behalf. Do not submit another registration form.

4. Delegation of Authority to Use Login and Password

An attorney may allow a secretary, paralegal, or other person in the attorney's office to use his or her login and password to file documents on the attorney's behalf. It is important to remember that your login and password constitute your signature, regardless of whether you personally use it or delegate that authority to someone else.

C. Hardware and Software Requirements

1. The Basics

- A personal computer running a standard platform such as Windows or Macintosh.
- A PDF-compatible word processor like Macintosh or

Windows-based versions of WordPerfect or Word.

- Internet access.
- CM/ECF has been certified to work with Netscape Navigator version 4.6 or 4.7 and Internet Explorer 5.5. Netscape Navigator versions 4.6 and 4.7 may be downloaded from: <http://wp.netscape.com/download/archive.html>. Microsoft is no longer making Internet Explorer version 5.5 available. The system may work with other browsers but the court will not be able to offer any support to persons using other browsers who run into difficulties. Some users of AOL have reported problems using the electronic filing system.
- Software to convert documents from a word processor format to portable document format (PDF).
- Software for viewing PDF documents. Adobe Acrobat Reader is available free of charge at: <http://www.adobe.com/>.

2. Optimizing Usage

- A scanner to create electronic images of documents not in your word processing system.
- A PACER account for viewing docket sheets and documents.

3. Equipment Available at the Courthouse

The Clerk's Offices in Baltimore and Greenbelt are equipped with public access terminals which may be utilized by registered users to electronically file documents. Scanners also are available.

III. Electronic Filing and Service of Documents

A. Electronic Filing Step by Step

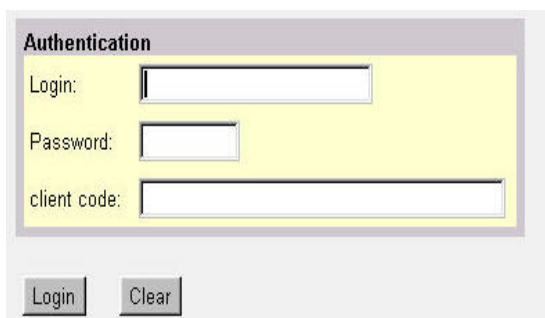

Step 1: Convert the document(s) you are filing to PDF format. The system will not accept documents in WordPerfect or Word format, nor does it automatically convert such documents to PDF. WordPerfect versions 9 and 10 have the ability to convert documents to PDF format. Word does not have the ability to convert documents to PDF. Adobe Acrobat Reader (the free version) will not convert documents to PDF. The full version of Adobe Acrobat (for which there is a charge) will convert documents to PDF. There also are other programs available which will convert a document to PDF.

NOTE: The Court cannot provide you with advice or assistance on

how to convert documents to PDF format. Nor can the Court recommend a particular type of software to use in converting documents.

Step 2: Go to the court's electronic filing site on the Internet:
<https://ecf.mdd.uscourts.gov>. Click on District Version 1.X Live System.

Step 3: Log into the CM/ECF system with your court issued login and password. Note: the login and password fields are case sensitive. The client code field is optional. It serves no purpose if you are logging in with your court issued login and password. If you are logging in as a PACER user, the client code field may be used for billing purposes. It will appear on your PACER billing reports so that you may track usage on behalf of particular clients.

Step 4: Once you are logged in, click on Civil on the main menu bar.

Step 5: This brings up the Civil Events screen.

Click on the type of document you are filing.

HELPFUL HINT:

A complete listing of all the documents in each category is contained in Appendix A.

Step 6: The system will display a drop down menu of the names of documents in that category. Although every effort has been made to make sure that the drop down menus reflect the terminology commonly used in this district, it is possible that the menu will not display exactly the same wording as is in the title of your document. The court does not expect you to change the title of your document to exactly match the terminology employed by the system. All of the drop down menus are in alphabetical order. You may scroll through them by using the arrows to the right of the box or you may type in the first letter of the name of the document you are filing. This will take you to the first document on the list beginning with that letter.

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, Reports, Utilities, and Logout. Below this is a section titled 'Motions'. A dropdown menu is open, displaying a list of document types: Stay, Strike, Substitute Party, Summary Judgment (highlighted with a red oval), Take Deposition, Temporary Restraining Order, Transfer Case, and Unseal. Below the dropdown are two buttons: 'Next' (circled in red) and 'Clear'. To the right of the dropdown is a yellow 'HELPFUL HINT' box that reads: 'Before you start scrolling you can type in the first letter of the name of the document you are filing. This will take you to the first document on the drop down menu that begins with that letter.'

Click on the name of the document you are filing and then Next.

Step 7: You will now be prompted to enter your case number. Note: the system will automatically display the case number of the last case you accessed during the session. Enter the case number in one of the formats

displayed on the screen.

Step 8: The system will display a verify case number screen which includes the judge's initials and short case title. If this is the correct case click on Next. If it is not the correct case, simply click on your browser's Back button.

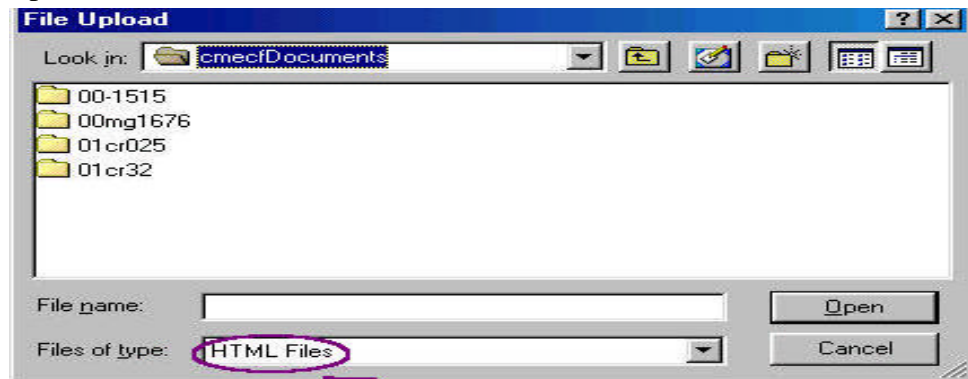

Step 9: For certain documents you may be prompted to select the party on whose behalf you are filing and then the party against whom you are filing.

Step 10: The system will then display a select PDF document screen. This is where you attach the document you are filing. The system will not allow you to proceed unless you select a document.

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue header with the ECF logo and navigation links: Civil, Criminal, Query, Reports, Utilities, and Logout. Below the header, the page title is "Motions". A link "1:02-cv-01515-ecb Robinson v. Anacker et al" is displayed. The main content area contains the instruction "Select the pdf document (for example: C:\199cv501-21.pdf)". There is a "Filename" text box and a "Browse..." button. Below this, there is a section for "Attachments to Document:" with radio buttons for "No" and "Yes". At the bottom of the form are "Next" and "Clear" buttons.

To select a PDF you can either enter the path and filename of the document using the .pdf extension in the Filename box, or you can click on the Browse... button to view documents on your computer or network.

Clicking on the Browse... button will cause the system to display a File Upload screen.

Note: to locate documents in pdf format, you must change the Files of type box to All Files (*.*) or Acrobat (*.pdf).

- Change the Files of type field at the bottom of the box to “All Files (*.*)” or “Acrobat (*.pdf)” so that you can view PDF documents.
- You can navigate through your directories and folders by clicking on either the down arrow at the right of the Look in box or the up arrow directory icon to the right of the box.
- Once you have located the PDF document you wish to file, click on it to select it.
- You can view the document to verify that it is the correct one by right clicking on the file name. This will bring up an Open menu. On this menu, click on Open. This will cause the system to launch Adobe Acrobat Reader and display the contents of the document. Close Acrobat Reader by clicking on the X in the upper right corner. This will return you to the File upload screen.
- Once you have located the correct document click on Open in the File upload screen. The system will then insert the path and file name in the filename box.
- The document must be in PDF format. If it is in a different format you will receive an error message when you try to proceed to the next screen.

Step 11: If there are no attachments to the document, click on Next and skip to Step 13. If there are attachments to the document, click the Yes radio button and then Next. You will be able to select attachments in the same way you selected the document you are filing.

- You may, but are not required to, choose a type and/or enter a description of the attachment. This can be useful, especially where there are multiple attachments.
- Then click on Add to List.
- You may continue doing this until you have selected all of your attachments. Then click on Next.

Step 12: Depending upon the type of document you are filing, the system may offer you the chance to link your document to another document previously filed in the case. Creating a link will cause the system to reference the other document in the docket entry.

To create a link, check the box next to Refer to existing event(s)? It is not necessary to fill in a document number or filing dates. Click Next. The system will display a list of documents filed in the case to which you can link your document. Check the box next to the appropriate document(s) and click Next.

Step 13: The system will display the text of the docket entry which will be made.

You may not modify the language inserted by the system. However, certain events such as motions allow you to add modifiers from the drop down list at the beginning of the entry and free text in up to 250 characters in the box after the name of the motion. Some other events do not allow you this opportunity. After you make any modifications to the docket entry, click Next.

Step 16: Be sure to read the notice of electronic filing. For all parties whose counsel is listed beneath the language “Notice will be electronically mailed to” the notice constitutes a certificate of service and a copy of the document need not be sent to those counsel by other means. For all parties whose counsel is listed beneath the language “Notice will not be electronically mailed to” it is your responsibility to serve a copy of the document (where required by the federal rules or Local Rules of this court) on that party by other means permitted by the federal rules.

B. General Procedures

1. Particular Documents Exempt from Electronic Filing

In cases subject to electronic filing, any document which is to be filed under seal or is filed with a request to seal, should not be filed electronically. Detailed instructions for filing sealed documents are set forth in section C.12 *infra*.

If you are filing as an exhibit or attachment a document which can only be converted to electronic format by scanning and is longer than 15 pages, do not file the document electronically. Electronically file a Notice of Filing of Lengthy Exhibit in substantially the same form as Appendix C to this manual. Within 24 hours (not counting intervening weekends and holidays) you must file and serve the document in paper format along with a traditional certificate of service, and paper copies of the Notice of Filing of Lengthy Exhibit and the notice of electronic filing.

NOTE: The 15 page limit is flexible. Depending on the contents of the document, type of scanner and software used, you may be able to scan and electronically file longer documents. Scanned documents longer than 15 pages will be accepted.

2. Complaints and other Case Initiating Documents

The current district court CM/ECF software is not able to accept credit card payments over the Internet. Accordingly, at present attorneys are not allowed to open cases electronically. To file a new case, you should submit to the Clerk:

- 1 paper copy of the complaint or other initiating document, along with any attachments and/or motions or other documents being filed at the same time.
- The paper copy of the complaint or other initiating document should be signed by counsel. It is not necessary to scan counsel's signature for the PDF version.
- 1 paper copy of the civil cover sheet

- A 3 ½" diskette or CD Rom containing PDF versions of the complaint or other initiating document(s), civil cover sheet, and any attachments (subject to the procedures governing lengthy attachments, *supra*), and/or motions or other documents being filed at the same time. Each attachment, motion, or other document should be a separate PDF. It is not necessary to submit a separate diskette or CD for each document.
- If you are filing more than one case, each case must be on a separate diskette or CD.
- If summonses are needed, original paper summonses (PDF versions of the summonses are not required).
- If service is to be made by private process, there is no need to submit service copies to the Clerk.
- If service is to be made by the U.S. Marshal, you must submit the appropriate number of service copies of the complaint and related documents to the Clerk.

The Clerk's Office will open the case and electronically file the complaint or other initiating document and any other documents submitted. You will be electronically notified of the filing of the complaint. The notification will include your case number. We will issue the summonses, scan them, and docket the PDF versions. The paper summonses will be returned to you for service or, if appropriate, sent to the U.S. Marshal for service. Your diskette will be returned to you along with the summonses. The paper copies of the complaint and other documents will be sent to the assigned judge for his or her chamber's file. The official court documents will be the PDF versions electronically filed.

When filing a new case with a motion for a temporary restraining order, you should submit 2 paper copies of the complaint, motion and any other documents along with the PDF versions. One copy will be sent to the assigned judge. The other copy will be sent to the chambers judge.

WARNING: Failure to submit PDF versions of the complaint and other documents will cause delays in the opening of the case. The Clerk may decline to issue summonses until PDF versions of the documents are provided.

3. Documents Subject to Electronic Filing

All documents in a case which is subject to electronic filing except those exempted by sections 1 and 2, are to be filed electronically. If the Court

receives a paper document which should have been filed electronically, the presiding judge may direct that it be returned without being docketed. If the document is accepted and scanned by Court staff, the paper version will be discarded.

4. Paper Copies

The provisions of Local Rules 103.1.a, 103.2.a, and 105.1 regarding copies of documents do not apply to documents filed electronically. One paper copy (for the presiding judge) should be submitted to the Clerk's Office of any document filed electronically which, including any attachments, is fifteen pages or longer. The paper copy should be printed after the document is converted to PDF so that the pagination matches that of the version filed electronically. A paper copy of the notice of electronic filing should be attached to the front of the copy. The copy should be received with the Clerk's Office within 48 hours (excluding weekends, holidays and days the court is closed) of the electronic filing of the document. Any documents which because of their length or any other reason, are not filed electronically should be accompanied by the number of copies required by Local Rule 105.

C. Special Procedures for Particular Documents

1. Removals

When removing a case from state court, you should:

- a. Scan any state court documents being filed which do not exist in electronic format and are less than 15 pages. The 15 page limit applies to individual documents - it is not cumulative. Each document should be scanned separately. Any state court document which is 15 pages or longer and which would have to be scanned should be treated as a lengthy exhibit.
- b. Submit to the clerk a CD or diskette containing PDF versions of the notice of removal, civil cover sheet, and state court documents. The notice and each state court document must be a separate PDF.
- c. Also provide the clerk with a paper copy of the notice of removal, civil cover sheet, and any state court documents filed.

2. Bankruptcy Cases

a. Appeals, Motions for Leave to Appeal, and Motions for Withdrawal of Reference

Notices of appeal, motions for leave to appeal, and motions for withdrawal of reference should be filed in the bankruptcy court in the format being used by that court for the particular case involved.

b. Designation of Record

The designation of record should be filed in the bankruptcy court in the format being used by that court for the particular case involved. If the bankruptcy case consists solely of paper documents, copies of all documents designated should be attached to the notice. If the bankruptcy case consists solely of electronic documents, paper copies of any document which is fifteen pages or longer, including attachments, should be sent to the bankruptcy court for transmission to the district court. Do not provide paper copies of any document filed electronically which is less than fifteen pages. Do not attach electronic copies of documents. If the bankruptcy case consists of both paper and electronic documents, paper copies of all paper documents designated and all electronic documents longer than fifteen pages should be sent to the bankruptcy court for transmittal to the district court.

c. Filings after Case is Transmitted to District Court

Unless the case is exempt from electronic filing under subsection d below or order of the presiding judge, any filing made directly to the district court should be in electronic format and in accordance with the procedures established in this manual. Once a district court case using electronic filing has been opened, any documents which by federal or local rule are required to be filed in the bankruptcy court and then transmitted to the district court are to be filed in both courts by the parties. The documents shall be electronically filed in the district court and filed in the bankruptcy court in whatever format is being utilized for the bankruptcy case.

d. Pro Se Cases

If the party filing the notice of appeal, motion for leave to appeal, or motion for withdrawal of reference is *pro se*, the district court case is

exempt from electronic filing.

3. Return of Service

When an executed summons or waiver of service is docketed, CM/ECF will automatically enter the date an answer is due based upon the date service was made using default settings of 20 or 60 days. If the case is one where a different amount of time in which to answer is permitted by statute, rule or court order, the date set by CM/ECF may not be accurate. If the date of service is not entered correctly, the date set by CM/ECF will not be accurate. It is the date an answer is due under a statute, rule or order which controls. Reliance upon the date set by the system does not excuse a late filing.

The following variations to the basic steps of electronic filing will occur when you are filing an executed return of service:

- A return of service should be filed by counsel, not submitted directly to the Court by a private process server. The only occasion when a return is filed directly with the Court is if the U.S. Marshal was directed to make service.
- A return of service is almost always in paper format and will need to be scanned. It is the responsibility of the filing party to maintain the original paper version at least until the conclusion of any appeal or expiration of the time for filing an appeal. The original paper version must be made available for inspection at the request of the Court or any other party.
- If you are filing a return for a party who was served with a 20 day summons, choose “summons returned executed” from the drop down menu. If you are filing a return for a party who was served with a 60 day summons, choose “summons returned executed as to USA” from the drop down menu.
- After selecting the party on whose behalf you are filing, you will be prompted to select the party who was served.

You will be prompted to enter the date of service.

- You should **not** enter the date the answer is due. Click on Next and proceed as you would to file any other document.

4. Answers

If you are a registered CM/ECF user, you may electronically file an answer in a civil case which is subject to electronic filing. If you are not yet a registered user, you may file an answer by submitting a PDF version of the answer on either a 3 ½" diskette or CD to the Clerk. You should immediately complete the on-line registration form to become a registered user. To electronically file an answer follow the steps below.

Step 1: Log into the CM/ECF system and click on Civil on the main menu bar.

Step 2: The system will display the Civil Events screen. Click on Answers to Complaints.

Step 3: You will be prompted to enter the case number of the case in which the answer is to be filed. After entering the number click Next.

Step 4: The system will display the select filer screen.

Click on the name of the party on whose behalf you are filing the answer. If you are filing on behalf of more than one party, you may select multiple parties by holding down the control (Ctrl) button while clicking on the parties. Once the party or parties has been selected, click on Next.

Step 5: If this is the first document you have filed in the case, you will be prompted to electronically enter your appearance via the create attorney/party association screen.

The screen displays the names of all parties on whose behalf you indicated you were filing the answer. To enter your appearance, click on the boxes in front of the name(s) of the party(ies) you are representing and then click Next. Note: You cannot enter the appearance of an attorney other than the

one whose login and password are being used. If a party is represented by more than one attorney who is a registered ECF user, the appearance of the additional attorney should be entered after the answer has been filed by the additional attorney logging into the system and electronically filing a notice of appearance.

Step 6: The system will display the complaint selection screen. This screen lists the docket entries for all complaints, counterclaims, cross-claims and third party complaints for which an answer is still due.

Include	Date	#	Docket Text
<input type="checkbox"/>	12/19/2002	1	COMPLAINT against Ernest Anacker, State Farm Mutual Automobile (Filing fee \$ 150 receipt number 11111.), filed by Tracy L Robisson (fk, Deputy Clerk)

Click the check box next to the pleading which you are answering, then click Next.

Step 7: The system will display the select document screen. Select your PDF answer as detailed *supra* and click Next.

Step 8: The system will prompt you to indicate whether the answer includes a counterclaim, cross-claim, or third party complaint. It will show you whether any other party(ies) has requested a jury trial. If you wish to request a jury trial, you may do so in Step 11.

☐ Does this filing include a **counterclaim** ? (If yes, click on the box)

☐ Does this filing include a **cross-claim** ? (If yes, click on the box)

☐ Does this filing include a **third-party** complaint? (If yes, click on the box)

Current Jury Demand value is highlighted on a subsequent screen.
If the highlighted value is correct, do NOT change it.
+ If ONLY PLAINTIFF has demanded jury, value should be p (Plaintiff)
+ If ONLY DEFENDANT has demanded jury, value should be d (Defendant)
+ If BOTH sides have demanded jury, value should be b (Both)

If your answer includes a counterclaim, cross-claim, or third party complaint, click on the appropriate check box(es). If the answer does not include any of these, leave the check boxes blank. Then click Next.

Step 9: If you checked that you are filing a counterclaim, cross-claim, or third party complaint, you will be prompted to select the party against whom you are filing.

You do not have to enter a full name. Typing the first few letters will bring up a list of all names in the system that begin with those letters.

If the party is a person, type in his or her last name. If it is a business or other entity type in the name.

If the name you typed in matches any names in the system, the next screen will display a list of the names that match.

The system will automatically fill in the last name field with the name for which you searched. If the party is a person, fill in his or her first name. If

the party is a business, agency or other entity, do not fill in a first name. Put the full name of the business or other entity in the last name field. Do not fill in an address, phone number or e-mail address for any party.

As a default setting, the system lists the role of a new party as defendant. If this is not correct, click on the down arrow at the right of the role box. This will bring up a drop down list of the various party types. Scroll through the list until you find the correct party type and click on it. Then click Submit.

You will then be returned to the select party screen.

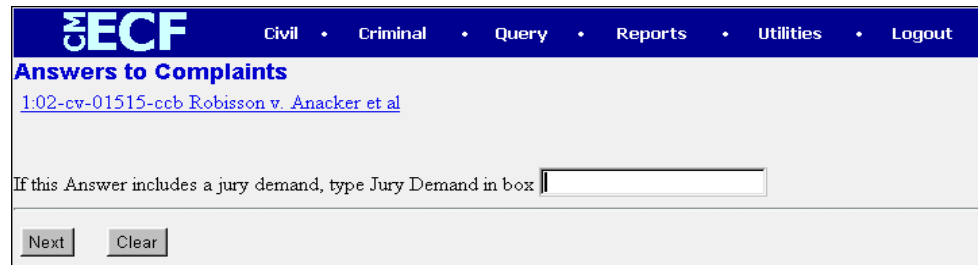

Select the party against whom you are filing by clicking on their name. Then click Next.

Step 11: You now have the opportunity to update the jury demand information.

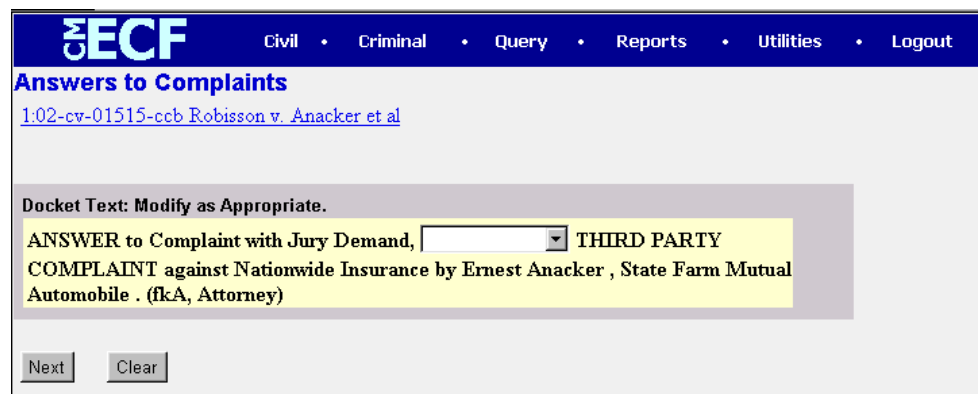

If the information in the Jury Demand box is correct, click on Next. If it needs to be updated because you are requesting a jury trial, click on the arrow at the right of the Jury Demand box and pick an option from the drop down menu. Then click Next.

You will be asked if your answer includes a jury demand, and if so, to type in “Jury Demand.”

Step 12: The system will display the text of the docket entry which will be made.

You have the ability to modify the text only by using one of the modifying terms from the drop down menu in the middle of the entry. When the docket entry is in final form, click Next.

Step 13: The system now displays the final warning screen. If you are satisfied with the entry click Next.

Step 14: If you added a party for whom a summons must be issued, do not electronically file the summons. Send a paper copy of the summons to the Clerk, along with a copy of the notice of electronic filing for the document which must be served, and a request for issuance of the summons. The Clerk will issue the summons, scan it, file an electronic copy, and return the paper copy to you for service.

5. Cross-claims, Counterclaims, and Third Party Complaints

The system allows for the filing of cross-claims, counterclaims, and third party complaints as separate documents. To file these documents, follow the general instructions in section 4 and if you are adding another party, the instructions for adding parties in section 7.

6. Disclosure of Corporate Interest

To file a Disclosure of Corporate Interest, click on Other Documents, and choose Local Rule from the drop down menu. You will have the opportunity to add language after you attach your disclosure. You should add: “103.3 Disclosure of Corporate Interest.”

7. Motions

To file a motion follow the general filing instructions in section III. You may file a multi-part motion, for example, a motion to dismiss or in the alternative motion for summary judgment, by holding down the control (Ctrl) key while selecting the names of more than one motion from the drop down menu.

Exhibits, memorandum in support, and proposed orders should be filed as attachments to the motion. NOTE: There may be limited circumstances where a memorandum is filed as a separate entry such as when it is not filed at the same time as the motion. Each exhibit, memorandum, proposed order, etc. should be a separate PDF.

Special procedures where Local Rule 105.2.c applies:

- The party filing the initial motion for summary judgment should follow the procedures set out above.
- The party filing a cross motion and memorandum in support of its motion and in opposition to the initial motion should file the motion. Attach to it the memorandum. In the box which allows you to describe the attachment, type in “memorandum in support of cross motion for summary judgment and in opposition to Plaintiff or Defendant’s motion for summary judgment” or similar language.
- The party filing the initial motion should file its response/reply as a response to the cross motion.
- If the party who filed the cross motion wishes to file a reply, it should be filed as a reply to response to motion.

Filing a motion will automatically trigger the setting of a 17 day deadline for

filing a response. *See* Local Rule 105.2.a and Fed. R. Civ. P. 6(e). If a different deadline has been established by court order, it is the deadline in the order which controls.

8. Motion for Leave to Amend

When filing a motion for leave to file an amended pleading, the proposed amended pleading and copy highlighting the amendments required by Local Rule 103.6, should be electronically filed as attachments to the motion for leave to file amended pleading. If the motion is granted, the Clerk's Office will docket and file the amended pleading.

9. Memoranda

A memorandum in support of a motion should be filed as an attachment to the motion. Detailed instructions for attaching a document are in section III.A. After you attach the memorandum, enter its title in the box for describing the attachment.

	Memorandum in Support of Motion

3) Add the filename to the list box below. If you have more attachments, go back to Step 1. When the list of filenames is complete, click on the Next button.

Add to List

If the memorandum relates to more than one motion, it is not necessary to attach the memorandum to each motion. Simply attach it to the first motion.

If the motion and memorandum is a single PDF document, file it as a motion and when you have the opportunity to edit the docket text add “and

Memorandum in Support.”

If you forget to attach the memorandum, or it is being filed at a different time as the motion, click on Responses and Replies and choose Memorandum from the drop down menu. Do **not** use the motion event to file a memorandum.

10. Exhibits

Exhibits should be filed as attachments to the document to which they relate. *See* §III.A for information on filing attachments. Each exhibit should be a separate PDF. An exhibit which exists only in paper format should be scanned unless it is 15 pages or longer. The 15 page limit is per exhibit, it is not cumulative.

If you are filing a transcript as an exhibit and have an ASCII version, you can convert it to PDF by opening it using your word processing program, and then converting it to PDF using whichever method you normally use.

11. Proposed Orders

If you are submitting a proposed order along with a motion, the proposed order should be filed as an attachment to the motion. It is very important that the proposed order be a separate PDF. If you are submitting a proposed order without a motion, for example a joint proposed confidentiality order, from the Main Civil menu choose Notices, and click on Notice (Other) on the drop down menu.

12. Responses and Replies

To file a response to a motion or a reply to a response, follow the general filing instructions in section III.A, choosing Responses and Replies from the main civil menu.

After you select your document, the system will show a list of all pending motions and prompt you to check which motion(s) your response or reply relates to. Click on the applicable box(es) and continue as you would for filing any document.

13. Certificate of Service

When you are required by statute, federal or local rule to serve a document, other than original process, on a party who is not a registered CM/ECF user, you are required to serve it in accordance with Fed. R. Civ. P. 5, and to electronically file a certificate of service with the Court. The certificate of service may be filed as a part of the document or as a separate document.

a. As a Part of the Document

Before converting your document to PDF and filing it electronically, check to see which parties will not be electronically noticed. Click on [Utilities](#), [Mailings](#), [Mailing Info for a Case](#), and enter your case number. The system will show who will be electronically noticed and who will not. You can copy and paste the names of the parties who will not be electronically noticed to a label maker.

Add a traditional certificate of service to your document, stating specifically who copies were mailed to (or served by other means). It is not sufficient to state that copies will be mailed to any party not electronically noticed. Then file your document as outlined in section III.A.

b. As a Separate Document

If you do not know that a party will not be electronically noticed until after you file your document and see the notice of electronic filing, you can create and file a separate notice of service. A sample certificate of service is contained in Appendix E.

Create a certificate of service in your word processing program and

convert it to PDF. To file the certificate of service, click on Civil, Service of Process, and choose Certificate of Service from the drop down menu.

14. Discovery

The electronic filing system should not be used for filing routine discovery requests, responses or Rule 26(a) disclosures. See Local Rule 104.5. Procedures for electronic filing of other documents related to discovery are outlined below.

a. Motion for Leave to Take Deposition

If by statute, rule, or court order, court approval is required before taking a deposition, you may file a motion for leave to take deposition by choosing Motions from the main civil menu and then clicking on Take Deposition. Then proceed as outlined in section III.A.

b. Motion to Compel Discovery (where no response has been served by a party, concerning deposition questions, or where the request was directed to a non-party)

Helpful Hint:

All motions to compel require a Local Rule 104.7 certification, regardless of whether answers to discovery requests have been received.

Step 1: On the Main Civil menu click on Motions. From the drop down menu choose Compel. Proceed as outlined in section III.A.

Step 2: After selecting your motion, be sure to attach your Local Rule 104.7 certification. If the certification is not attached, the court may direct that your motion be marked “filed in error” and not consider it.

Step 3: When you reach the Modify Docket text screen, type in “Discovery” and any additional information you want to include in the docket entry. Proceed as outlined in section III.A.

c. Motion to Compel Discovery (where a response has been received from a party but is not considered satisfactory)

Step 1: On the Main Civil menu click on Notices. From the drop down menu choose Notice of Service of Motion to Compel Discovery. Proceed as outlined in section III.A.

Attach to the Notice your motion to compel. In the block for describing the attachment type in “Motion to Compel.” Do **not** docket the motion to compel as a motion. It is an attachment to the Notice of Service. Proceed as outlined in section III.A, except that if the notice, motion and any other attachments total 15 pages or more, it is not necessary to provide a paper copy to the Court.

e. Reply to Response to Motion to Compel Discovery (where motion has been filed as an attachment to a Notice of Service of Motion to Compel)

Step 1: On the Main Civil menu click on Notices. From the drop down menu choose Notice of Service of Reply to Response to Motion to Compel Discovery. Proceed as outlined in section III.A.

Step 2: When you reach the screen for selecting the document you are filing, select the Notice of Service of Reply to Response to Motion to Compel which you file with the court under Local Rule 104.8.a. Attach to the Notice your reply. In the block for describing the attachment type in “Reply to Response to Motion to Compel.” Do **not** docket the reply as a reply to a response to a motion. It is an attachment to the Notice of Service. Proceed as outlined in section III.A, except that if the notice, response and any other attachments total 15 pages or more, it is not necessary to provide a paper copy to the court.

f. Official Filing of Motion to Compel with the Court (where motion has been attached to notice of service of motion to compel)

Step 1: The motion to compel which you file with the Court as a motion to compel should be a listing of the matters from your original motion to compel which have not been resolved. A sample motion is contained in Appendix D.

Step 2: On the Main Civil menu, click on Motions. From the drop

down menu choose Compel. Proceed as outlined in section III.A.

Step 3: When you reach the screen for selecting your document, it is not necessary to attach either the original motion to compel or any responses or replies. You must attach a Local Rule 104.7 certification. Proceed as outlined in section III.A.

NOTE: If the motion, response and/or reply were not filed as attachments to notices of service, then they should be attached to the motion to compel when it is officially filed.

Step 4: When you reach the screen for modifying the docket text, after Compel, type in “Discovery.” Proceed as outlined in section III.A above.

15. Appeals

a. Filing

A notice of appeal should be filed electronically as is outlined in section III.A. It is not necessary to provide the court with paper copies of the notice for service on the other parties. The electronic notice constitutes the copy the clerk is required to serve under Fed. R. App. P. 3(d).

b. Fees

If you are filing a motion for leave to appeal *in forma pauperis*, it should be electronically filed immediately after filing the notice of appeal. If you are paying the fee, it must be remitted to the Clerk within 24 hours (excluding weekends, holidays, and days the court is closed) of filing the notice of appeal.

c. Briefs

If you are appealing to the United States Court of Appeals for the Fourth Circuit or to the Federal Circuit, do **not** electronically file copies of your brief with this court. Briefs may be electronically filed with this court only in cases where the appeal is to a district judge.

16. Sealed Documents

Do **not** electronically file documents which have been sealed or which you are requesting to be sealed.

a. Attachments

If the document to be filed under seal is an attachment to another document which is not being filed under seal, (for example, an exhibit to a motion), electronically file the unsealed document. Attach to it in place of the sealed attachment, a Notice of Filing of Document Under Seal. A sample notice is contained in Appendix B.

b. Entire Documents

If an entire document is to be filed under seal, (for example, a response to a motion), electronically file it by choosing the appropriate document type from the drop down menu, (motion, response, reply, etc.), but do not attach the sealed document. Instead, attach a Notice of Filing of Document Under Seal.

c. Partially Sealed Documents

If a document is to be partially sealed, (for example, a memorandum which mentions confidential information in only one section), electronically file a redacted version of the document and attach a Notice of Filing of Document Under Seal.

d. Procedures Applicable to All Sealed Documents

Within 24 hours (not counting intervening weekends, holidays, and days the court is closed), you must file and serve the sealed document in paper format along with a traditional certificate of service, copies of the Notice of Filing of Document Under Seal, and notice of electronic filing. **For purposes of computing deadlines and time limits, the document is not deemed filed until it is received by the Clerk's Office.**

If the court has not previously directed that the document be filed under seal, you may electronically file your request that the document be placed under seal immediately before filing the document. The document which you are requesting be sealed should be filed using the procedures for filing a sealed document. The document will be temporarily placed under seal until a ruling is made on the request to seal.

If the Court has previously ordered that the document(s) be filed under seal, you should electronically file a Notice of Filing Document Under Seal. A sample notice is attached as Appendix B. File the original document(s) with the Clerk, along with a copy of the Notice of Filing Document Under Seal

and Notice of Electronic Filing. Include one paper copy of the document(s), Notice of Filing Document Under Seal, and Notice of Electronic Filing for the presiding judge.

17. Correspondence

The main civil menu contains a category for correspondence. The events in this category may be used for the types of routine matters that are currently handled by letter - requests for conferences, hearings, extensions of time, etc. Judges also will use the CM/ECF system to send routine correspondence to counsel.

18. Ex Parte Matters

Unless you are the only party in a case who is a registered CM/ECF user, you cannot file a document ex parte using the system because of the electronic notification feature. Any time a document is filed, regardless of whether it is filed electronically, on paper, or under seal, notification is sent to all parties who are registered users. If you have been directed to file something ex parte or wish to request permission to do so, you should contact the chambers of the assigned district or magistrate judge for instructions on how to proceed. Chambers may allow you to submit the document to chambers either in paper format or via e-mail.

19. Registration of a Foreign Judgment

When registering a foreign judgment, you should scan the certified judgment, AO form 451 and any other documents from the sending court and submit them on diskette or CD. Also submit one paper copy of the documents. Counsel is responsible for maintaining and producing for inspection by the court or any party, the original documents until the latter of the judgment expiring or the conclusion of any appellate proceedings relating to collection efforts in this district.

20. Certified, Notarized and Documents Authenticated by Other Means

Documents which are certified, notarized or authenticated by other means should be scanned and filed electronically if they are less than 15 pages in length. The filer is responsible for maintaining the original and making it available for inspection upon request by the court or another party. The original should be maintained at least until all appeals have been completed or the time for taking an appeal has expired. If the document is 15 pages or longer, you should file the original in paper format following the procedures

for filing a lengthy exhibit.

D. Documents Filed in Error

1. Errors Found During Quality Control Process

All documents filed by counsel will be reviewed by Clerk's Office staff to ensure that they were docketed correctly, and to the same extent currently monitored, if they comply with the Federal Rules of Civil Procedure and the Local Rules of our court. If it is determined that a document was incorrectly filed with the Court, for example, Rule 26(a) disclosures which should only have been served on an opposing party, an electronic letter will be sent to the parties indicating that the document was filed in error. The link to the document will be reset so that the document may only be accessed by court users, not by counsel or PACER users. The original docket entry will remain. If you file a document in the wrong case, it is your responsibility to refile it in the correct case. If you electronically file a document in a case which is exempt from electronic filing, the link to the document will be reset so that it cannot be accessed by non-court users. You are required to submit the original and appropriate number of paper copies within 48 hours.

2. Errors Reported by the Filing Party

Filing parties are expected to make every effort to ensure that they do not file a document other than the one they intended to file, that they file in the correct case and that they do not electronically file documents containing information which should have been filed under seal. If you notice that you have made a mistake, you should immediately contact the Court and ask for the docket clerk handling the case. If circumstances warrant, the docket clerk may temporarily reset the link to the document so that it may only be accessed by court users, not by counsel or PACER users. Within 24 hours (excluding weekends, holidays and days the court is closed) you must electronically file a request asking that the document be stricken, sealed or other action taken to correct the error.

E. Signatures

1. Attorneys

Anything filed using an attorney's login and password will be deemed to have been signed by that attorney for all purposes, including Fed. R. Civ. P. 11. Attorneys may, but are not required to, place an electronic signature on pleadings and papers. For the attorney whose login and password is being

used, it is sufficient to indicate a signature as in the following example:

_____/s/
John M. Barrister, Esquire

2. Documents Requiring Signatures of Multiple Attorneys

Pleadings and papers which are normally signed by more than one attorney, regardless of whether the attorneys represent the same party or different parties may be handled in any of the following ways.

First, the attorney whose login and password are being used to file the document may obtain approval from any other attorney to state that the other attorney has authorized him or her to sign the document on his or her behalf. Such approval may be indicated as in the following example:

_____/s/ Sally Solicitor, Esquire (signed by John M. Barrister with permission of Sally Solicitor)	_____/s/ John M. Barrister, Esquire
---	--

In such circumstances, the attorney whose login and password is used to file the document is responsible for maintaining a record of when and how permission was obtained to sign the other attorney's name in case any questions arise.

Second, the attorney whose login and password are being used to file the document may obtain and maintain in his or her records a paper copy of the document signed by the other attorney. Possession of such a signed copy may be indicated as in the following example:

_____/s/ Sally Solicitor, Esquire (signed copy of document bearing signature of Sally Solicitor is being maintained in office of John M. Barrister)	_____/s/ John M. Barrister, Esquire
--	--

In such circumstances, the attorney whose login and password are used to file the document is responsible for maintaining the signed copy of the document until all appeals have been exhausted or the time for seeking appellate review has expired.

Third, the attorney whose login and password are being used to file the document may obtain original signatures from all attorneys who are filing the document, scan the signature page **only** and file it as an attachment to the document. In this situation, the electronic version should bear language similar to the following:

_____/s/*
Sally Solicitor, Esquire

_____/s/*
John M. Barrister, Esquire

*A copy of the signature page bearing original signatures is attached hereto as Attachment 1.

In such circumstances, the attorney whose login and password are being used to file the document is responsible for maintaining the signed copy of the document until all appeals have been exhausted or the time for seeking appellate review has expired.

In any case where an attorney becomes aware that it has been proffered to the court that he or she has consented to his or her signature being placed on a document or that he or she has signed a document when in fact he or she has not signed or consented, it is the responsibility of that attorney to immediately notify the court and request that the document be stricken.

3. Identifying Information

The requirements of Local Rule 102.b that counsel state their name, address, telephone and fax number at the bottom of all court papers, apply to documents filed electronically.

4. Non-Attorneys

Documents which are required to be signed by persons who are not counsel of record in a particular case (verified pleadings, affidavits, etc.), may be submitted in electronic format in any of the following ways so long as counsel has and maintains a signed copy.

- a. If the document is less than 15 pages, it can be scanned and then filed electronically.
- b. An electronic version of the document bearing a “/s/” can be filed along with a statement by counsel that he or she has a signed copy, as in the following example.

_____/s/*
Polly Plaintiff

*Counsel hereby certifies that he or she has a signed copy of the foregoing document available for inspection at any time by the court or a party to this action.

- c. An electronic version of the document bearing a “/s/” can be filed with a scanned copy of the signature page as an attachment.

_____/s/*
Polly Plaintiff

*A copy of the signature page bearing an original signature is attached hereto.

F. Consequences of Electronic Filing

1. What Constitutes Filing

Electronic transmission of a document to the Electronic Filing System along with transmission of a Notice of Electronic Filing, constitutes filing of the document and entry of the document on the docket.

2. Time of Filing

A document is “filed” at the time the Notice of Electronic Filing states it was entered. Thus if you begin the process of electronically filing a document on December 20th at 11:55 p.m. and do not complete it until December 21st at 12:05 a.m., the Notice of Electronic Filing will state the document was entered on December 21, 2002 at 12:05 a.m. and this will be the date the document was filed. The availability of electronic filing after normal business hours and on weekends and holidays does not in any way extend any deadlines imposed by statute, rule or court order.

3. Sanctions

Any document which is filed using an attorney’s login and password, or which is filed using the procedures set forth *supra* for documents with multiple signatures, is deemed to have been signed for all purposes under Fed. R. Civ. P. 11.

G. Service

1. On Registered Users

If the Notice of Electronic Filing lists counsel for a party under the heading: “Notice will be electronically mailed to” this is the equivalent of service by first class mail, postage prepaid, subject to the provisions of Fed.R.Civ.P. 5 (b)(3). If all parties are represented by counsel to whom the system sends electronic notice, it is not necessary to file a separate certificate of service.

2. On Parties Not Registered Users

If the Notice of Electronic Filing lists a party or counsel under the heading: “Notice will not be electronically mailed to” it is the responsibility of the filing party to serve the document in accordance with the Federal Rules of Civil Procedure within 24 hours of the electronic filing. The filing party must serve with the document a copy of the Notice of Electronic Filing. For any document served on a party by means other than the CM/ECF system, the filing party must file an electronic version of the certificate of service attached to the document. A sample certificate of service is attached hereto as Appendix E.

3. Of Original Process

Nothing in these procedures shall be construed as authorizing service of original process in any manner other than is permitted by statute or Fed. R. Civ. P. 4.

H. Electronic Notification

If you are a registered CM/ECF user, you will receive e-mail notification of almost all docket activity. Many docket entries made by court staff do not have any type of document, either electronic or paper. Examples of entries that do not have a document are entries that relate to court or chambers proceedings (trials, hearings, conferences); entries that relate to case management (setting/clearing flags and deadlines); and entries that are made to add or terminate parties, attorneys or judges. You will receive the e-mail notification of many of these events but there will be no link to a document.

You also will receive e-mail notification of the filing of paper documents in cases which are exempt from electronic filing. There will, however, be no link to a document. The document will be served by traditional means.

You will receive electronic notification in all cases where your appearance was entered and never officially stricken. If you receive e-mail notification in a case where you are no longer representing a party, you must file a motion for leave to withdraw or some type of notice in that case. The Clerk's Office cannot remove you from the case based on either an oral request or an e-mail request.

Do not reply to a notice of electronic filing other than to report an error or problem with the notice or document. You cannot send documents to the court for filing by attaching them to a reply to a notice of electronic filing. You should not attempt to communicate with other parties or staff within your office by replying to a notice of electronic filing since the reply will be sent to the court.

IV. Privacy Policy

A. Information to be Redacted

In accordance with the policy of the Judicial Conference of the United States, unless otherwise ordered by the court, the parties shall refrain from including or shall redact the following information from all documents not submitted under seal:

1. Full Social Security numbers. If an individual's Social Security number must be included in a document, only the last four digits of the number should be used.
2. Names of minor children not parties to the case. If a minor child must be mentioned, only the initial of the child should be used.
3. Full dates of birth unless essential to a claim or defense. It is acceptable to disclose an age or year of birth if relevant.
4. Full financial account numbers. If financial account numbers are relevant, only the last four digits of the number should be used.

B. Enforcement

It is the responsibility of counsel and the parties to redact these personal identifiers. The Clerk will not screen documents and will not reject them solely on the basis that they contain personal identifiers. The court may, however, on its own initiative or at the request of a party, strike the document or direct other corrective action and/or impose sanctions on any party failing to redact such information.

V. Orders

A. Entry

Electronic filing by the court or court personnel of any orders, decrees, judgments or proceedings of the court shall constitute entry on the docket as well as notice to and

service on registered users in the case, under the Federal Rules of Civil Procedure.

B. Signatures

Any order filed electronically without the original signature of a judge has the same force and effect as if the judge had affixed his or her signature to a paper copy of the order and it had been entered on the docket in a conventional manner.

C. Electronic Marginal (Paperless) Orders

At his or her discretion, a judge may rule upon a motion by having a text only entry made on the docket. There will be no PDF document attached to the entry. The system will however, generate a notice of the entry. Such entries shall have the same force and effect as any other type of order. You will receive electronic notice of the filing of the order however, the notice will not have a link to a document.

VI. Query

The Query option on the main menu bar allows you to search for cases. To utilize this option you must have a PACER account. You may log into the CM/ECF system using your PACER account. This will allow you access to PACER functions, but not electronic filing. If you are already logged in as a CM/ECF user, when you click on Query you will be prompted to enter your PACER login and password. This will bring up the search screen.

You can search by case number, party or attorney name or a combination of a range of case filing dates, range of document filing dates and type of case.

VII. Reports

The Reports option on the main menu bar will allow you to run several reports through PACER without having to go to the PACER website. You will need a PACER login and password to access the docket sheet, judgment index and case reports and PACER fees will apply. You may log into the CM/ECF system using your PACER login and password. This will allow you to access the PACER functions but not electronic filing. If you are already logged in as a CM/ECF user, you will be prompted to enter your PACER account information when you click on one of the reports. The calendar events report may be accessed with your CM/ECF login, however, we will not be entering hearing dates into the system so the information in the report will not be accurate.

A. Docket Sheet

This report allows you to access the docket sheet for a particular case. You may choose to view the documents in either chronological or reverse chronological order. You may limit the portion of the docket sheet that you are viewing by entering either a date range or range of paper numbers. Limiting the amount of the docket you want to view will reduce the PACER fee and in cases where the docket sheet has many entries can reduce the amount of time it takes to access it.

B. Civil Cases Report

This report is similar to Query but allows a few more options for limiting your search, i.e., whether the case is open or closed, certain case flags, the division the case is assigned to, etc.

C. Judgment Index

This report allows you to search for judgments by case number, party name, or a particular date range. Because this is a new feature, judgments entered prior to March 3, 2003 may not appear as search results. When using the report, please keep in mind that the “Status” will be only as accurate as the information which is entered into the system. If a party has not entered information relating to satisfaction of a judgment, it will not appear on the report.

VIII. Utilities

Clicking on Utilities on the main menu bar allows you access to a number of functions.

A. Account Functions

1. Maintain Your Account

This function is discussed in section II.B, Changing Your Password. Some of the other information should not be changed by users. If you wish to change any of the information on the initial screen such as your name, address, or phone number, you should contact one of our Attorney Admissions Specialists - Catherine Scaffidi at (301) 344-3220 or Tina Stavrou at (410) 962-3552.

You may change your e-mail address, input additional e-mail addresses (your secretary for example), choose whether you want to receive a notification of everything that is filed in your cases as soon as it is filed or if you wish to receive a single daily notice of all activity in your cases, and choose the format of your e-mail notification. Click on Utilities, Maintain Your Account, then Email information

The screenshot shows a web form titled "E-mail information for attorney". It contains the following elements:

- A text input field for "Primary e-mail address".
- A section "Send the notices specified below" with two checkboxes:
 - ☒ to my primary e-mail address
 - ☐ to these additional addresses (with an empty text input field below it)
- Two checkboxes for notice frequency:
 - ☒ Send notices in cases in which I am involved
 - ☐ Send notices in these additional cases (with an empty text input field below it)
- Two radio buttons for notice format:
 - ☒ Send a notice for each filing
 - ☐ Send a Daily Summary Report
- A "Format notices" section with two radio buttons:
 - ☒ html format for Netscape or ISP e-mail service
 - ☐ text format for cc:Mail, GroupWise, other e-mail service
- At the bottom, there are two buttons: "Return to Account screen" and "Clear".

You may then change your email address, add additional email address to receive electronic notices in your cases, sign up to receive electronic notices in cases where you are not counsel of record, choose whether to receive a separate notification of each instance of docket activity in your cases or a single daily notice of all activity in all of your cases that day, and choose whether the notification is sent in html or text format.

Once you have made the changes, click on Return to Account Screen, and then Submit.

2. View Transaction Log

This function allows you to review all documents filed using your login and password during a specified period. It is an easy way to monitor your account to ensure that it is not used without your permission.

3. Change Your PACER Login

If you have a PACER account this option will allow you to change your login. If you wish, you can make it correspond to your CM/ECF login.

B. Legal Research

This option allows you to access on-line medical and legal dictionaries and access Westlaw. This is a pre-packaged option which came with the system. The Court does not endorse any particular web sites or on-line services.

C. Mailings

This function is a quick way to check to see which parties in a case are electronically noticed and which are not. It also allows you to generate addresses in a format which can be easily copied to label printing software. Because service of documents is the filer's ultimate responsibility, it is very important that you ensure that all parties in a case who are entitled to notice actually receive it by checking to make sure they are electronically noticed, and if they are not registered for electronic noticing to serve them with a paper copy.

D. Verify a Document

This is a security feature installed to ensure that a document filed electronically has not been tampered with since it was filed.

IX. Troubleshooting

A. Cannot View Document Using Link in E-mail Notification

1. System Prompts to Enter PACER Login and Password

Each e-mail notification that a document has been filed electronically contains a link to the document which you may use one time to view, download and/or print the document without charge. If when you click on that link you are prompted to enter your login and password it means that according to the system you have already had your one time “free look”. Certain things will make the system act as if you have accessed the document when in fact, you have not. To avoid this problem, do **not** forward an e-mail notification to another e-mail address, and do **not** open the e-mail and close it without using the link to view, download or print the document. To help ensure that you do not accidentally miss your free look, it is suggested that you add a second e-mail address to your account. Each address will have the opportunity for one free look at the document. *See* Section VIII.A.1 for instructions on adding additional e-mail addresses.

2. The Link to the Document Does Not Work

Frequently you will receive e-mail notification of docket activity, but will be unable to link to a document. The most common reason for this is that there is **no** electronic document. Many docket entries are made by the Court without either a paper or electronic document. Such entries include ones related to court proceedings, entries made to update case or party information, and marginal or paperless orders by a judge. Also, because the e-mail notification is linked to the case management software, e-mail notifications are sent in cases that are exempt from electronic filing. There is no link to the document because it was filed in paper format.

B. System Will Not Allow You to Attach a Document

Occasionally you will try to attach a document, but when you click on Next, you will receive the message: ERROR: Document is not a well-formed PDF document. This means the system is not recognizing your document as a PDF. First, check to make sure that you did not accidentally attach a document in another format. Second, review your document to make sure it does not contain any hyperlinks. For security reasons, the system will not accept documents with hyperlinks. Third, try going back to your word processing version of the document, convert it again, save with a new name and attempt to file it. If this doesn’t work, the problem is most likely with your software and you will need to contact your technical support or the

software company. If you cannot resolve the problem before a filing deadline, you may want to print the document from your word processing program and scan it. You also may bring a diskette with the document on it in Word or WordPerfect format to the Court, convert it to PDF on one of the public terminals in the Clerk's Office, and file it from there.

C. Menu Options are Missing or Appear Different

Sometimes computers retain memory of prior logins and will display old screens when you enter your login and password. To clear out old information from your browser:

1. Netscape 4.7

On your browser's menu bar, click on Edit, then Preferences. On the left side of the pop-up window, double click on Advanced. Then click on Cache. On the right side of the pop-up window, click on Clear Memory Cache and then OK. Then click on Clear Disk Cache and then OK. Close your browser. Reopen it and log into the CM/ECF system.

2. Internet Explorer 6.0

On your browser's menu bar, click on Tools, then Internet Options. Go to the General tab. Click on Delete Cookies and OK, then click on Delete Files, check the box for Delete all offline content, then click OK, and then Clear History. Close your browser. Reopen it and log into the CM/ECF system.

X. Help Desk

Court staff will be available to answer questions Monday through Friday (excluding holidays and days when the court is closed) from 9:00 a.m. to 4:00 p.m. For assistance with northern division cases, you should call the main switchboard at (410) 962-2600. For assistance with southern division cases, you should call (301) 344-0660. Briefly explain your question. If it relates to a pending case, be prepared to reference a case number. If the person answering the phone can answer your question, he or she will do so. If not, your call will be referred to someone who can assist you. Please do not ask for specific staff members unless you have been directed to do so.

XI. Technical Failures

The court will make every effort to post the dates and times the system will be unavailable because of maintenance or upgrades on both its main web site and the electronic filing site.

If you are unable to timely file a document due to technical problems with either the electronic filing system or your own system, you may request an enlargement of time. It will be up to the discretion of the presiding judge whether to grant the request.

XII. Public Access

Any document in a civil case which has been filed electronically may be accessed by registered users of the PACER system. Such documents also will be available for viewing free of charge from public terminals in the Clerk's Office during regular business hours.
